TIPS FOR THE HOT AIR BALLOON RIDE

Clothing in winter

During the balloon ride, you should be clothed in long underwear and warm outerwear. Winter boots are particularly important as the cold from below will not be reduced either by the sun or heat from the burner. Warm socks with sufficient space in a high shoe will ensure that your feet stay warm.

In general, we recommend warm ski wear, if possible based on the principle of layers, which you can put on or take off as needed. Headwear, which also covers your ears, as well as a scarf are important. Your gloves should also be warm.

Our tip:

If you are not an active winter athlete, perhaps there is someone in your group of friends, who can help you out.

Summer clothing

If in doubt, your clothing in summer should consist of ski underwear and a warm jacket. Ideally, you should dress in layers depending on how warm or cold you feel! Sturdy shoes, ideally hiking shoes are required!

Attention cancellation fee: no cancellation fee will be charged for cancellations by a passenger up to 7 days before the agreed date.

IMPORTANT INFORMATION FOR THE HOT AIR BALLOON RIDE

The balloon ride will be an unforgettable experience for everyone and is something you can look forward to! To ensure that it is an enjoyable experience, please observe the following notes:

- Please inform the pilot of any health issues or restrictions (heart, circula tory system, joints, operations, body weight or similar) when you book the ride. If in doubt, please consult a physician!
- Pregnant persons are expressly prohibited from riding in a hot air balloon! We are happy to postpone your balloon ride to a later date!
- Glass, items similar to glass or pointy or sharp objects may not be brought along in the basket.
- We recommend you wear hiking clothing that suits the season for your ride. It is particularly important to wear sturdy, flat footwear so that you have a stable stance. Pack any photo or video equipment in a stable bag
- It is prohibited to smoke during the balloon ride. This also applies within a radius of 50m around the basket, trailer and cover.
- Please follow the instructions of the pilot and his helpers. Please do not touch any of the lines, hoses, valves or instruments! Do not throw any objects over board.
- When landing, be absolutely sure to hold onto the handles provided in the balloon basket and bend your knees slightly. Stay leaned against the front edge of the basket.
- Once you have landed, only leave the basket once you have been expressly asked to do so!
